Things moved rapidly in Judge Mansfield's court Wednesday morning when the trial of Montelle Watha for murder was resumed and the usual crowd was in attendance.

A special venire had been summoned by Sheriff Slabaugh and his deputies and most of them were present when Bailiff Legge opened court.

Deputy O. C. Martin started out at 4 o'clock this morning, while Deputy Henry Rinehart left the city yesterday afternoon and returned about 11 o'clock Wednesday morning.

Judge Mansfield was very prompt and got down to business promptly upon the arrival of the defendant shortly after 9 o'clock, and the work was taken up where it was left off at Tuesday's adjournment, and the process of securing a jury was again begun. For a time the progress was very rapid and prospects looked bright for the securing of a jury without any undue delay.

Out of the first eleven men called four were passed for cause, and several peremptory challenges had been exercised.

It is a notable fact that so far not a woman has been present at the court sessions.

The court ruled that in the exercise of peremptory challenges the state should exercise one and the defense four, and alternate in this manner until both sides had exhausted

these challenges, the state four and the defense sixteen.

At the noon adjournment just half the peremptory challenges had been exhausted, two by the state and eight by the defense.

Robert Campbell was the first of the special venire to take his place in the jury seat vacated by J. N. Pugh, peremptorily challenged by the defense Tuesday morning; had no opinion; had scruples against capital punishment, but would render a verdict according to the evidence, even though the penalty was death; had read the papers; had probably formed an opinion at the time, but could start even as between the state and defendant; passed for cause and accepted.

The defense exercised its first peremptory challenge and W. A. Elliott was excused.

L. R. Crow was next called. He had expressed no opinion and did not oppose capital punishment; no challenge and Mr. Crow was accepted.

The defense exercised its second peremptory challenge and excused T. T. Gault.

E. V. Beard had no opinion, but had scruples against capital punishment; challenged by state for cause and excused.

W. H. Pittsford had no opinion and did not oppose capital punishment; read the papers; formed no opinion concerning those jointly indicted nor because the grand jury had returned the indictment; passed for cause and accepted.

J. C. Spencer was peremptorily challenged by the defense, making the third for them.

R. P. McCann had no opinion nor did he oppose the death penalty, but said he did not like to sit on a jury to try a man of another nationality. The state formally challenged and the defense interposed no objection to the challenge. Mr. McCann was excused. This was the first time that question of race prejudice had entered into the case in the selection of the jury.

Isaac DeBow had formed no opinion, but said he would require very positive evidence before he would render a verdict which would carry the death penalty. Challenged for cause by the state. Mr. DeBow was accepted after argument between Mr. Miller and Judge Littleford regarding Mr. DeBow's statement that he would require a very strong degree of proof before he would inflict the death penalty. Judge Littleford contended that Mr. DeBow's standard of proof was not the one to be considered, but the one given by the court in its charge. Mr. Miller said that Mr. DeBow appeared to exact a stronger degree of proof in a capital case than in any other. The court questioned Mr. DeBow and he was finally accepted.

The defense exercised its fourth peremptory challenge and Mr. Slaughter was excused. H. M. Whitehead being called. Mr. Whitehead had no opinion, but did not believe in capital punishment. Challenged for cause by state; excused.

Samuel Anderson had no opinion, but was opposed to capital punishment. Challenged for cause by the state and excused.

George Granstaff was strongly opposed to capital punishment and was excused.

Demas Hoover, who is deaf, was excused by consent of both sides.

George Davidson had no opinions and did not oppose capital punishment; never discussed the lynching with anyone; accepted.

The state's second peremptory challenge was directed to Mr. DeBow, and he was excused.

L. C. Perfect had no opinion, but had views on capital punishment that would have an influence on his verdict, and he was excused.

C. M. Ross had formed an opinion but not as to Watha in particular, but as to the "bunch" which had to do with the lynching, including Watha; challenged by state and excused.

I. R. Parkinson was excused on account of periodical and violent headaches.

Jacob Mauger had formed an opinion which included Watha and would preclude him from rendering an impartial verdict. He was challenged by the defense and excused after interrogation by the court.

Charles Morrow had no opinion and did not oppose capital punishment; accepted.

The defendant's fifth peremptory challenge was Charles Morrow.

P. C. Smith was passed for cause and the defense exercised its sixth peremptory challenge, excusing L. R. Crow.

J. R. Harris had no opinion, but was opposed to capital punishment; that he could not render a verdict carrying the death penalty; excused.

Alpha Stout had formed an opinion including Watha, but could set aside.

MEAT PRICES HAVE BEGAN ANOTHER CLIMB

Chicago, Dec. 7.—That pork chops and kindred hog products are again beginning to climb toward the high prices of a few weeks ago was admitted here today by Chicago packers, but fears that such figures as prevailed before the recent high cost of living situation would again be attained in the near future were declared to be groundless.

Referring to statements from Omaha that prices of all beef and pork products there had advanced a cent a pound, Armour & Co. here declared that the Omaha condition was purely local and that Chicago prices which set the figures for the country as a whole, showed no such increase.

"Hogs and hog products are higher," said the Armour manager, "but only to a slight extent, and the market at this time of the year may easily vary without the fluctuations being significant. Hogs and their products may be up a cent today and down tomorrow. The outlook is for slightly higher prices, but even that is not positive. Beef is practically unchanged during the past few days and no sign of an important increase in beef products is at present in sight."

CONSTITUTIONAL AMENDMENT INTRODUCED IN CONGRESS TO SUPPRESS ALL MONOPOLIES

Washington, Dec. 7.—Article 17 of the constitution shall have power to prevent and suppress monopolies throughout the United States by appropriate legislation.

A joint resolution asking for the above constitutional amendment was introduced today by Representative Sterling of Illinois. He is enthusiastic about his resolution and says that in many instances the present control of congress in this direction falls short of the power required. The resolution will go to the judiciary committee. It is primarily designed to reach corporations of the New Jersey class, organized in one state to do the bulk of their business elsewhere.

The procedure practiced by the previous administration.

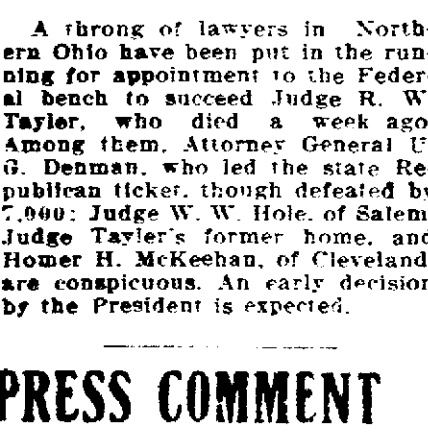

The Herald: It is as straightforward as the character of the man who wrote it.

The Tribune: It is a persuasive document marked by patriotic intent to serve the nation's interests.

The Times: It contains no recommendations for laws of a disturbing nature.

The Evening Post: It is not inspiring. It gives no positive lead. Instead of a call to action Mr. Taft has written tedious practical review.

BENCH ASPIRANTS PROVE A THROG

A throng of lawyers in Northern Ohio have been put in the running for appointment to the Federal bench to succeed Judge R. W. Taylor, who died a week ago. Among them, Attorney General U. G. Denman, who led the state Republican ticket, though defeated by Taylor's former home, and Homer H. McKeehan, of Cleveland, are conspicuous. An early decision by the President is expected.

WILL PRESENT PENSION BILL

Washington, Dec. 7.—Congressman Carl Anderson will introduce at this session two new pension bills similar to the \$1 a day pension measure which Congressman Sherwood of Ohio has been trying for a good many years to get passed.

Anderson's first bill will be to give \$20 a month to all who have served 30 days. He would grant \$12 a month to all who served less than 30 days. Along with this is an age pension bill which would give \$15 a month to all veterans over 60, \$20 a month to all veterans over 65 and \$30 a month to all over 70.

BICYCLE TEAMS STILL RACING

New York, Dec. 7.—The six-day bicycle teams were still racing this morning, with seven of them tied for first place at 11 o'clock, with 1159 miles and 8 laps. The McFarland-Clark and the West-Demara teams were one lap behind and the Rutt-Stol team was two laps behind at that hour. A furious sprint starting at 3:30 a. m. upset the dope by losing the favorites.

MEETING OF SOUTH SIDE ASSOCIATION

Great Interest Being Manifested in Contemplated Improvements. All Citizens Are Urged to Attend.

It is desired that not only every citizen of South Newark and members of the Business Men's Association of that section, but that all citizens at large should bear in mind the big meeting to be held tomorrow (Thursday) evening at 7:30 o'clock in the Baptist chapel, corner Third and Pata-skala streets.

The object of these meetings is the betterment of conditions that handicap South Newark, one of the most beautiful sections of our city. If the plans now underway and those to be adopted materialize, the results will redound to the material advancement of the interests of the entire city of Newark, and will not be of benefit only to those most directly interested.

The citizens of Franklin's Addition are urged to be present, those from Texas are cordially invited to come, and every one who is interested, and that means you, is again requested to make the matter up seriously and attend the meeting and lend your presence and influence to one of the most far-reaching projects for safety, convenience and general good of our city.

Reports will be heard, plans made, and every one is earnestly requested to take a part, and make this the most successful meeting ever held in this cause.

MOORE JURY WILL SOON HAVE CASE

Prosecutor Charges Killing of Gibson Was Premeditated

SCATHING DENUNCIATION

Of Prisoner Made and Wife's Story Is Called Overdrawn Fairy Tale.

Vincennes, Ind., Dec. 7.—Menlo Moore, theatrical man and banker, who killed Charles E. Gibson because of the latter's attentions to his wife, will know his fate within a short time. Both sides in the case rested yesterday afternoon and arguments were made last evening.

Prosecutor Culbertson charged that Moore killed Gibson with premeditated malice, asserted that "no man has the right to make a law unto himself."

Culbertson charged that Moore kept Gibson constantly under his observation at a railway depot while he planned to shoot him in the back at the first favorable opportunity.

"Not a particle of evidence," said the prosecutor, "has been introduced in this case to show that Moore shot Gibson in self defense, except in that monstrous overdrawn fairy tale related by Mrs. Moore and her father. Not one witness was called by the defense who said he saw Gibson make any threatening gesture whatever toward Moore."

Culbertson charged Mrs. Moore with manufacturing her story to her husband, "caught, as she was by her husband, with the goods on," while at supper and while engaged in putting little Gayle to bed.

Attorney House, for the defense, emphasized the law on reasonable doubt, admitting that the defense had taken advantage of all the defense possible and citing the special plea of insanity.

"The Prosecutor," he said, "would have you believe that we come here with a false story, cut and made to order after the unfortunate event occurred. I don't believe that you will believe any talk as that which the prosecuting attorney indulged in."

Attorney Inman will close for the defense and the case may go to the jury tonight.

The defense rested yesterday after three physicians had answered a hypothetical question 10,000 words long. The doctors agreed that on the basis of the question asked the defendant was suffering from emotional insanity when he committed the crime. After the defense had rested the state began introducing rebuttal testimony.

The long hypothetical question was propounded by Attorney Gardner to Dr. William H. Davenport, Dr. Thomas J. McGowan and Dr. B. B. Griffiths.

Dr. Davenport, the first physician examined, answered that he would regard a man answering Moore's condition as of unsound mind; but when the question was taken sentence by sentence on cross-examination the physician admitted that few of the sentences would leave the opinion that a man answering one of them only would be of sound mind.

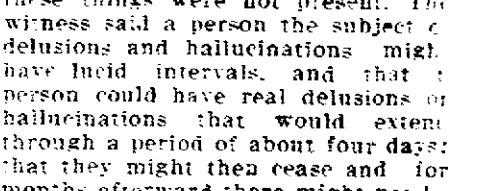

During the cross-examination of Dr. Davenport the question arose as to the difference between the terms hallucination and delusions. Dr. Davenport said he regarded Mr. Moore as deluded when he raved and asserted that Gibson was after him and saw things and heard noises when those things were not present. The witness said a person the subject of delusions and hallucinations might have lucid intervals, and that a person could have real delusions or hallucinations that would extend through a period of about four days; that they might then cease and for months afterward there might not be the slightest evidence of them. His opinion was that this was the fact in Moore's case.

The witness described Moore's fort (Continued on page 6, col. 4.)

Washington, Dec. 7.—That senators will vitally influence appointments of the supreme court appointments generally admitted here. Up to present they favor only two of the plans first, the elevation of Hughes to the chief justiceship and the appointment to the bench of George Pepper, who represented Pinchot in the recent Ballinger investigation.

At the conclusion of the game the souvenirs were awarded to Mrs. Margaret Floyd and Mrs. Meyer. The guests of the club were Mrs. Fred Richards, Mrs. Cohan Legg, Mrs. Joseph Copper, Mrs. Joseph Caine and Miss Lulu Starr.

Mr. and Mrs. Ralph Brown of West Main street entertained with an annual banquet for the members of the Sesame Sewing club and a few of their friends Tuesday evening. Pedro was the game of the evening, in which Mrs. Earl Sayre and Mr. Paul Tanner captured first prizes and Mrs. Charles Tanner and Mr. Lawrence Turner second.

At ten o'clock a three course supper was served the following: Messrs. and Mesdames B. E. Tupperford, A. H. Marple, Frank Kelley, Lawrence Turner, L. M. Whitehead, Ralph Brown, Clyde Doughty, Charles Tanner, Mrs. Alexander, Mrs. Anderson, Mrs. Hedrick, Mrs. Helm, Mrs. Ina Doughty, Mrs. Earl Sayre, Miss Louise Andrews, Mr. Rugg, Paul Dooley, Paul Tanner, Hazel and Russel Tupperford, Archie Kelley, Helen Brown, Lois Marple, Ruth Doughty, Mr. Harry Ellwanger of Columbus.

The guests present were: Mrs. Robert Lumm, Mr. and Mrs. Hibarger, Misses Neva and Mabel and Laura Baumgarten, Hazel and Mary Embry, Mrs. Maurice Embry, Miss Clara Fell, Mrs. John Embry, Mrs. William Henry, Misses Mabel and Marie Henry, Mr. William Guitridge, Mr. Dewey Hudson, Mrs. John Newkirk, Mr.

At the Grace church in Zanesville there is a unique basket bazaar given by Mrs. O. N. Townsend. The baskets composing one of the most beautiful and imposing groups are the handiwork of Miss Jane Irwin of this city, and teacher of domestic science at Denison university. Notwithstanding that the sale from this group were very large, many of those who purchased left them in stock to enhance the beauty of exhibition for the remainder of the bazaar.

Mr. and Mrs. Lillian Cochran entertained a few friends with an informal evening party Tuesday at their home in East Main street. The time was spent in playing cards and with music and a delicious repast was served the following: Misses Nellie Jones, Sadie Jones, Inez Jones, Mary Swern, Nutter, Edith Riffey, Kathryn Callahan, Messrs. Count de Lasteyrie, Carl Heck, Walter Trittipoe, Earl Allen, Charles Dugan, Jack Nutter and Frank Ewald.

The Unity Reading Circle held its annual banquet at the beautiful home of Mr. and Mrs. D. J. Simson, 250 Granville street, Monday. The members and their husbands and guests assembled at eight o'clock. On entering the parlors, a mysterious spider-web entwined about the rooms attracted much attention. A signal from the hostess the guests began winding and at the end found the one with whom the banquet was to be enjoyed.

The long banquet table was indeed a pretty sight to behold. The snow-white linen and beautiful hand worked centerpieces formed a perfect setting for the sparkling cut glass and silver and the many candies red and white. Red and white carnations and dainty lace fern added grace and beauty to all. When all were seated the hostess gave a greeting to the guests. Mrs. E. E. Moore, president of the U. R. C. then welcomed the members and guests in well chosen words. The response was given by Dr. Howard Barwick in his usual jovial manner. The banquet was served in four courses and the menu was as follows:

Oranges with Coconut
Roast Turkey
Mashed Potatoes
Pickles a la Gelatine
Cranberry Ice
White Bread Sandwiches
Coffee
Waldorf Salad
Reception Flakes
Cheese

Pineapple Sherbet
Cake
Coffee

During the serving of the dinner much levity occurred by the reading of the anecdotes found at each plate.

At the conclusion of the last course, the guests repaired to the parlor where Miss Una Marshall rendered several beautiful piano selections.

At a signal the draperies were parted and a farce in one act, "The Thirteenth Shakespeare club" was given by seven members of U. R. C. These ladies appeared in costume and the next hour long they furnished for the next hour will long be remembered by all present.

This concluded the evening's pleasures and many were the expressions of delight as the happy assembly broke up, all departing for their homes.

The U. R. C. thus passes another profitable year's literary work, and another delightful social time, and extends to the host and hostess, Mr. and Mrs. Simson, the entertainment committee, the members of the "Shakespeare club" and Miss Marshall hearty thanks for the able assistance in the evening's programme.

The invited guests were the husbands of the members, Mrs. Sam Sachs, Mr. Dr. Holtz, Mr. E. Edwards, Mrs. Corn Laird, Mr. and Mrs. Russell, Mr. and Mrs. E. S. Randolph, Mr. and Mrs. Charles Warner, Misses Mary Lemert, Grace Gorbey, Rachel Rhoades, Mildred Rhoades, Martha Sachs, Florence Lemert, Ella Burch, and Una Marshall.

WEISS-FLECK.

The Congregational church at Pittsburgh, Pa., was the scene on the night of November 24th at 8 o'clock of an interesting ceremony, the occasion being the marriage of Mr. H. L. Weiss to Miss Myrtle M. Fleck. Green and white were the colors introduced into the floral decorations of the church. Palms, ferns and masses of white roses marked the place for the bridal party. The bride wore a pretty embroidered lingerie gown elaborated in lace and her bouquet was a shower of bride's roses.

Following congratulations and a delightful informal reception, a wedding dinner was served to about one hundred guests. The gift table was laden with handsome wedding day remembrances.

After several weeks of their honeymoon the couple will take up their residence in a cozy flat and be at home to their friends at No. 8307 Buffalo avenue, Chicago, Ill.

The bride is a young woman of attractive personality while the groom is very popular and well known to many Newark people. He is the son of Mr. and Mrs. W. P. Weiss of Vanatta. Mr. Weiss has been with the Inland Steel company of Chicago for a number of years. The young people have the well wishes of a host of friends to accompany them to their new home.

German Raisin Loaf. At night make a sponge with one pint of flour, one teaspoonful of salt, a half cake of compressed yeast dissolved in a half cupful of milk or water and as much more milk as may be necessary to make a very thick batter. Beat well, cover and let rise in a warm place. Next morning cream together one cupful each of butter and sugar, add the grated rind and juice of one lemon, three well beaten eggs, one pound of seeded raisins, one-quarter of a pound of shredded citron, one-quarter of a pound of blanched and shredded almonds, one-quarter of a teaspoonful of salt and three cupfuls of sifted flour. Blend this thoroughly with the sponge, turn into two well buttered molds. Let stand until light, then bake in a moderate oven.

Currant Jelly Whip. To the whites of three eggs add a tiny pinch of salt and beat until foamy. Add three tablespoonfuls of sifted powdered sugar and beat again until very stiff and glossy. Now add, a teaspoonful at a time, two-thirds of a glass of currant jelly, continuing to beat until the mass is perfectly light and well mixed. Pile in a dish or in small glasses and send to the table.

THEY GROW

Good Humor and Cheerfulness from Right Food and Drink.

Anything that interferes with good health is apt to keep cheerfulness and good humor in the background. A Washington lady found that letting coffee alone made things bright for her. She writes:

"Four years ago I was practically given up by my doctor and was not expected to live long. My nervous system was in a bad condition. But I was young and did not want to die so I began to look about for the cause of my chronic trouble. I used to have nervous spells which would exhaust me and after each spell it would take me days before I could sit up in a chair."

"I became convinced my trouble was caused by coffee. I decided to stop it and bought some Postum."

"The first cup, which I made according to directions, had a soothing effect on my nerves and I liked the taste. For a time I nearly lived on Postum and ate little food besides. I am today a healthy woman."

"My family and relatives wonder if I am the same person I was four years ago, when I could do no work on account of nervousness. Now I am doing my own housework, take care of two babies—one twenty the other two months old. I am so busy that I hardly get time to write a letter, yet I do it all with the cheerfulness and good humor that comes from enjoying good health."

"I tell my friends it is to Postum I owe my life today."

Read "The Road to Wellville" in pks. "There's a Reason."

Ever read the above letter? A new one appears from time to time. They are genuine, true, and full of human interest.

HEART and HOME TALKS by Barbara Boyd

Some Little Out-of-the Ordinary Gifts.

A CERTAIN housekeeper will receive rather an out-of-the-ordinary gift this Christmas, and one which certainly ought to please her if one can draw conclusions of what she would like by her actions. She is continually going among her friends and asking suggestions for her menus. She loudly bewails the fact that she never knows what to have for breakfast, luncheon or dinner, and her familiar plea is: "Tell me what to have for dinner!"

So one intimate friend has deftly questioned the husband and son to discover the family likes and dislikes in the matter of food. She knows fairly well about how much is expended each week for the table. With this data she has planned out a month's menus. She has planned them carefully to be appetizing, to contain proper food combinations and right food values, to be sufficiently varied and to so dovetail in that nothing will be wasted.

She has had each day's menu typewritten on a separate card, so that all can be easily handled, the whole tied together calendar-fashion by a bright red ribbon, and they will go Christmas morning with her greeting and a wish for a hearty appetite.

The busy mother who has to put up school lunches every day, or lunches for workers, would appreciate a similar little packet of suggestions. It is no easy matter to plan lunches day in and out and have them varied and appetizing.

A gift to be given by a little girl to her grandmother is thoughtful and unique. The child has purchased two spools of thread, one black, one white, of a number most commonly used, also two packets of needles. On each spool she has threaded a paper of needles, tying a knot when all the needles are on, so that they will

not slip off. When grandmother wants a needleful of thread all she has to do is to slip all the needles back but one, draw the length of the thread she wishes, snip it off, tie a knot and the spool and needles are ready for the next needleful she wants.

A gift that has already been sent to a shut-in consists of odds and ends of silk, satin, ribbon and lace, some embroidery materials and a big pile of catalogues from the stores that she may look through them and select such gifts as she wishes purchased. The catalogues delighted her as much as anything, for they enabled her to sit and plan and figure by the hour.

A footstool for the short person is a gift not always thought of. The elderly like footstools, too, but the little woman whose feet never quite reach the floor welcomes a footstool with delight. Covered in order to match the furnishings of her room, or in her favorite color, it has a personal note that adds to its charm.

If some one of your acquaintances has a room furnished in colonial style send a colonial rug or candlesticks of the colonial period.

For an invalid or a dainty housekeeper a glass tea-tray with some beautiful print or embroidery under the glass is welcome. A pretty tray of any kind is always a delightful gift.

To the flowerlover a window-box, especially one in the old Italian marble effect, gives delight.

To the one with a fireplace a wood-box is always welcome. But do not send brass if the recipient is one who likes nothing about the home that makes unnecessary work. Pretty burnt-wood boxes abound and are preferred by those who do not like to be eternally scouring and cleaning.

MRS. MINOR MORRIS THREATENS ROOSEVELT WITH COURT ACTION.

Mrs. Minor Morris

A reminder of the forcible ejection from the White House of Mrs. Minor Morris, who insisted on confronting President Roosevelt with charges of injuries to her husband, is contained in Mrs. Morris' declaration in New York that she will be heard from again. She says she is preparing to take her complaint against the former President to the courts. In a letter referring to the matter she writes, rather incoherently, and in parts so wildly as to compel omissions in print, as follows:

"My affairs are by no means yet settled. I am preparing to take subsequent outrages to the courts. A fraudulent incarceration among the inmates; the debauchery of some of the members of my own family; attack on my reputation and more which seem incredible until proved will be aired."

MAKE LIFE WORTH LIVING

When pure healthy blood courses through every vein and artery of the body, the organs are in a healthy condition, and a strenuous active life is a pleasure to man or woman. But if the blood is impure and sluggish, the appetite poor, digestion weak and vitality not up to the standard, life is a burden; then you need Vinol, our delicious cod liver and iron tonic, without oil. Such evidence as comes from Henry Cunningham, elder of the Baptist Church, Kingston, N. C., should be convincing. He says, "I was run-down and weak from general debility, and suffered from vertigo. I took Vinol with the most gratifying results. I gained in health and strength and now feel unusually well."

Elder Cunningham's recovery is due to the combined acting and medicinal elements of Vinol. A bottle of Vinol with the understanding that your money will be returned if it does not help you. F. D. Hall, druggist, Newark, Ohio.

Gold Dust Makes Dazzling White Dishes

If you could see your dishes and household utensils through a microscope you would realize that mere soap and water is insufficient to do more than wash off the surface. GOLD DUST not only cuts dirt and grease with scarcely any rubbing, but is an antiseptic that cuts deep after every hidden impurity and germ. GOLD DUST sterilizes your kitchen things, and makes them wholesome and sanitary. GOLD DUST is the greatest labor-saver known.

Do not use Soap, Dishes, Bore, Soda, Ammonia or Kerosene with Gold Dust. Gold Dust is a delicate cleaning agent in a perfectly harmless and lasting form.

"Let the GOLD DUST TEND to your work!"

BOYHOOD ALCOHOL

There are some things too awful to contemplate—one is the giving of alcohol in the guise of medicine to boys. We believe

Scott's Emulsion is the only preparation of Cod Liver Oil that contains absolutely no alcohol, drug or harmful ingredient of any sort.

When the Liver is Lazy

you know it at once. The tongue becomes coated—taste is bad—breath is offensive—appetite is gone—dizziness, vomiting and headache follow soon. The reason for this ill feeling is plain: the bile when it enters the blood acts as a poison and until you remove the poison you will feel just that way. To make the Liver active Take Potosote

The Condensed Mineral Water. POTOSOTE gently stimulates the Liver coaxes it to act normally and carry the bile out of the system. Then when the poison has been removed, it helps you to create good—new—rich—red blood.

POTOSOTE is the reproduction in powdered form of the world's famous mineral waters. A teaspoonful in a glass of water makes an effervescent pleasant-tasting mineral water that will remove all of your Liver troubles.

GOOD FROCK FOR AFTERNOON WEAR

A frock of this sort is dressy enough for an afternoon bridge and even for an informal dinner and not too dressy to be worn on occasions under the motor car.

The little frock pictured is made of bisuit tan marquisette over silk of the same shade and is embroidered on the bodice in shades of brown.

The upper bodice of brown chiffon over pink silk gives a delicate effect and the sleeve is finished with a velvet cuff in the color of the light tan marquisette.

The man who shaves himself, or is barber shaved, to have his face absolutely antiseptic, the skin healthy, clear, clean, should always use Manoline, or insist that it be used after washing and before using the drying towel.

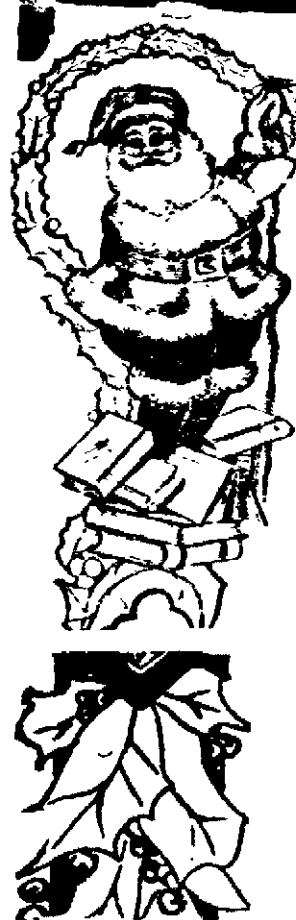

It's guaranteed insurance against face unsightliness and annoyance. If you don't use Manoline, DO.

Manoline should be in the home, used every day; pays big dividends in comfort and health.

MEETING OF GRANVILLE COUNCIL

Pennsylvania Man Purchases Franchise of Ohio Fuel Co. in Granville—News of College City.

Granville, Dec. 7.—The regular meeting of the Town Council was held on Tuesday evening, and when Clerk Judson Evans called the roll the following named members were found in their seats, with Mayor Barnes in the chair.

The clerk read the minutes of the last regular meeting and also the minutes of the special meeting held on Monday evening, November 28, which were approved.

The report of the Board of Public Affairs for the month of November was read and received and filed.

The report of the Treasurer showed that there was a balance on hand in the treasury on the first of December of \$1,314.65.

The members of the Cup of Cold Water circle of The King's Daughters, in a communication to council, tendered their thanks to the mayor and the village council for use of the Municipal building on last Friday night for their bazaar, and also for the interest shown in their work. The communication was received and filed.

Mayor Barnes read a communication received from Mr. J. G. Ehrenfeld of Emlenton, Pa., in which he informed the mayor and council that he had purchased the natural gas plant and all property and rights, formerly owned and operated in Granville, O., by the Ohio Fuel company, including the franchise granted to S. M. Winn and others.

After the discussion of some business of minor importance council adjourned.

Many Granville people are suffering with severe colds at this time. The season of the year is here when bad colds are most prevalent. It is probable that more illness has its inception in what is known as a cold than from any other cause. In most instances a cold may be traced to carelessness or unnecessary exposure, and with due regard to hygienic rules might have been avoided. As a general rule if one avoids draughts and sudden exposure to opposite extremes of temperature, and wear warm clothing, he will be immune from these vexatious and oftentimes serious ailments.

Speaking of Christmas shopping how long will it be before the women of Granville learn that the best hours for shopping, whether for Christmas or for any other season, are in the forenoon?

Mrs. J. V. Winters of Westfield, N. Y., who has been visiting Mr. and Mrs. Burton Case and other relatives in the village will leave Friday for her home.

The present month will be an active one among the many fraternal lodges of the village. In all of them will occur the election of officers and the installations. There will also be doings in the college fraternities. If the secretaries of the various organizations will make a report to F. L. Ferguson, Box 591, he will take pleasure in publishing them in the Granville letters.

The lecture delivered by Professor Chamberlain in the Physics lecture room on Tuesday evening on "Mediaeval and Modern Passion Plays," was largely attended, and the lecture proved exceedingly entertaining as well as instructive. Various illustrations of persons of prominence in the

play and of scenes about Oberammergau were introduced.

Tuesday evening the guests at the table of the Dean G. Shepardson College were the Misses Seymour, Parsons, Calvin, Chase, Helen Hunt and Irwin and Messrs. Hoppe, Huffman, Heeter, Dieble, Theodore Johnson, Wolfe and Professor and Mrs. Coons.

One of the coming events in college literary societies will be the production of Shakespeare's "Comedy of Errors" by the Calliope Literary society some time next month, and already preparations are being made for the event. As this is the only play that will be given by the University men this year its presentation is being looked forward to with more than usual interest. The lines have all been committed by those who are to take part and the remaining weeks will be devoted to further training, so that a thoroughly finished production is promised. New scenery and elaborate costumes will complete the work and make it a play that no one can afford to miss.

Mr. and Mrs. Burton Case entertained on Tuesday evening a few girls and boys of the village and college in honor of Margery Minten of Westfield, N. Y.

Mr. and Mrs. Frederick Holton and two little children of Barnesville, O., who have been visiting at the home of Mr. and Mrs. David Lloyd, west of the village, for a few days, returned home Tuesday.

WINTER SCHOOL OF AGRICULTURE AT LOCAL Y. M. C. A.

A winter school of Agriculture is one of the possibilities at the Newark Y. M. C. A. For some time past the matter has been studied by some practical men and it begins to look as though the idea would find universal favor. The Extension Department of Ohio State University has promised cooperation for making a start. This winter and also for making such a school a permanent feature of the Y. M. C. A. work here, thus giving the whole country some share in the benefits of the association. When the school is started it will be open to men from all over the county and the cost will be very small, not over \$5.00 a man for the week's course. The State University will furnish the structure, the Y. M. C. A. the room, heat, light and advertising and a representative committee of practical farmers will decide on the policy. Last year the Hamilton Y. M. C. A. had 120 men enrolled in the school of agriculture. This year they expect many more. Newark ought to be the center for the promotion of practical education for young men and boys all over the county and this step may easily lead to a complete system of such schools reaching every township. Of course for certain townships Newark is the most convenient center but some townships find Newark very hard to reach.

This season a school or institute of two days is likely to be arranged somewhere about January 16-20, with special work on Horticulture and Dairying. Men who are interested are asked to see Mr. Fraser, the secretary. The cooperation of every man interested is desired.

Gray Hair Restored

My hair was getting quite gray and falling out rapidly and I was troubled with a terrible itching of the scalp. My head was full of dandruff, which fell upon my clothes and kept me continually brushing it off. While on a visit to Rochester I heard of your Sage and Sulphur for the hair. I got a bottle and used it. A few applications relieved the itching, my hair stopped falling out and gradually came back to its natural color. It is now a nice dark brown color, soft, glossy and pliable. Several of my friends want to use it, and I want to know what you will charge me for six bottles of it.

Grew Hair on a Bald Head

For two or three years my hair had been falling out and getting quite thin until the top of my head was entirely bald. About four months ago I commenced using Sage and Sulphur. The first bottle seemed to do some good and I kept using it regularly until now I have used four bottles. The whole top of my head is fairly covered and keeps coming in thicker. I shall keep on using it a while longer, as I notice a constant improvement.

PERRYTON.

Rev. J. I. T. of Lewis Center, preached at Perryton, Fairview and Smith's Chapel Sunday to the people whom he serves as pastor twelve years ago.

Mr. and Mrs. J. W. Ryan and son Mark of Dayton, O., were guests of Mrs. Ryan's parents, Mr. and Mrs. J. C. Frampton over Sunday. Mr. Ryan and son returned home and Mrs. Ryan will remain for a few days.

William Lisenbeal has recovered sufficiently to be brought to his home here. He is making progress toward full recovery.

Prof. Parr made a business trip to Newark Saturday.

J. F. Frampton has been on the sick list for a week, not being able to attend school.

The Perryton young people will give a very pleasant surprise this evening to Miss Anna Mikesell. The young lady counts her seventeenth birthday anniversary.

Mr. and Mrs. Kessell were entertained by Mrs. Dr. Loveless at her home over Sunday.

Speaking of languages, would you refer to Greek and Latin as dead ones?

Cartsville, Ky.—"My doctor," writes Mrs. Hattie Cain, "who advised me to take Cardui, for my troubles, is a mighty fine doctor, and I say God bless Cardui and the people who make it."

"Before I took Cardui, I suffered with female troubles for sixteen years. I would have to send for a doctor every three months, and oh! how dreadfully I suffered!"

"I would cramp and have convulsions and it looked like I would die. At last I took Cardui and oh! what a surprise! I found it was the medicine for me!"

"From the first bottle, I began to mend and now I am well, can do more work, can walk and go where I please and it doesn't hurt me, and I owe it all to Cardui."

Cardui helps sick women back to health. It has been doing this for over 30 years. It is not a laxative, or a heart or kidney medicine—it is a woman's medicine.

If you are a woman, try it.

The Squaw Man.

Probably without doubt one of the greatest stories of local conditions arising in the west in the early days is given us in "The Squaw Man," which will be given at a matinee performance and again in the evening at the Auditorium theatre, Saturday, Dec. 10. The story permits of some wonderful character work and is one that appeals to all.

Neddermyer Band.

Following is a musical memoranda of one of the numbers of the program to be given by the Neddermyer band at the Auditorium theatre on Sunday afternoon:

Easily the most important number on the concert program this evening and, indeed, the most important on many programs, is the "Grailritter March," or march of the knights of the Holy Grail, from Wagner's last and many believe his greatest opera, "Parsifal."

This opera, which represents an idea which was present with Wagner probably the greater portion of his mature life, only gained form toward the close of his long and notable career. At Bayreuth in July, 1882, "Parsifal" was sung for the first time. Before another year had passed around, Wagner was dead.

It had been an expressed wish of his that the opera might never be performed outside of Bayreuth, and for many years this wish was respected, to such an extent that the impression gained ground that it was legally impossible to give it elsewhere. This, of course, is not true. It was not until 1904 that the Metropolitan Grand Opera gave it in New York, and the year following the Savage company performed it in Columbus for the first and only time. The story has been cast in play

Prof. Fred Neddermyer, Conductor of Neddermyer's Concert Band, at the Auditorium Theatre, Sunday Afternoon, December 11

form and also given as a lecture recital, but the opera, in all the splendid amplitude of its text, choruses, orchestra and scenic investiture, has been heard here but once. The march played tonight is first heard in the last scene of the first

Do You Know That There is Only One Place in Newark Where You Can Positively Buy the Best Clothing in the World? and at \$10 and \$15

is unapproached by any composition of the century, if by any of all time.

The Red Mill.

A brilliant event is anticipated at the Auditorium theatre Wednesday, Dec. 14. The occasion will be notable because it will usher in an engagement of what has been pronounced one of the best musical offerings of the decade, "The Red Mill," which, under the direction of Martin & Emery Co., made an all-year run in New York last season, and has since completed engagements of four months in Chicago, three months in Boston and two months in Philadelphia. Additional importance obtains through the fact that the play is by those neomancers of stage composition, Henry Blossom and Victor Herbert, who gave us that delightful comic opera, "The Prima Donna," with Fritz Scheff the bright particular star.

The Orpheum.

Do not fail to see that musical farce at the Arcade theatre this week as it will make you laugh. Ten people, pretty girls in the latest song hits, funny comedians in clean comedy, special scenery, and Ned Woolley, one of Newark's favorites, who has appeared here several times. The Stall Sisters, a pleasing sister team, will present their neat specialty, which is good. Orpheumscope has a comedy film.

BARON VON STEUBEN HONORED TODAY BY A GRATEFUL NATION

Monument Secured Through German-American Alliance Unveiled in His Honor.

The public schools in nearly every city of importance in the country this day did honor to the memory of one who did much in behalf of the colonies in the days when the scattered forces of Washington's army needed to learn that great military lesson of discipline and was lacking in that one great essential to successful warfare—organization. Today in the city of Washington, D. C., a costly monument was unveiled paying the respect of the American people to Baron Frederick William von Steuben—the kindly nobleman who, acting in the capacity of inspector general to which office he had been appointed by Washington, reorganized and disciplined our well-nigh hopelessly demoralized Colonial forces and by so doing not only paved the way for these military successes which led to the liberation of our land but laid the foundation for victories since achieved by the armies of the republic in many a field of battle.

The monument unveiled at Washington was erected through the activities of the National German American Alliance, and is considered an exceptionally elegant piece of monumental art.

MISS TAFT UNVEILS STATUE

Washington, Dec. 7.—Amid snow that almost blocked traffic, thousands of German-Americans today attended the unveiling of the statue to Baron von Steuben, the German hero of the American revolution. Miss Helen Taft unveiled the statue.

Dr. Thomas J. McGowan answered the hypothetical question by giving his opinion that Moore was of unsound mind. On cross-examination he admitted the form of insanity was emotional. Dr. B. B. Griffiths also testified that he regarded Moore of unsound mind at the time of the shooting and that his form of insanity was emotional. A recess was taken for 10 minutes.

Winslow H. Cochran was called by the state for rebuttal testimony immediately after the recess. He testified that Gibson did not bump into Moore on the station platform just before the shooting. Cochran was

with Gibson when the shooting occurred. On cross-examination the witness admitted that he himself had bumped into some person, presumably a man, an instant before the shots were fired.

We Treat You 30 Days FREE

Blood Poison can never be cured with mercury or potash. You might as well know this first as last. Medical authorities say so. The most these drugs can do is to drive the blood poison back into the system and smother it for several years. Then when you think you are cured, plentiful new symptoms will break out, and you find that your bones have been rotting all the while. Your teeth will begin to loosen and your digestive glands, brain and vital organs will show the terrible destructive power of the mercury and potash. Leucoderma, Paralysis, Imbecility and Premature Death are then almost inevitable. Any medical authority will corroborate these statements. The remarkable, vegetable Obbac Treatment does not drive in the

Blood Poison

but drives it out. It positively contains no mineral poisons whatever, so that once cured by the Obbac Treatment you never run the terrible risk of having your bones rotting, your nerves rotting, your teeth fall out, your kidneys degenerate or your brain weaken. The Obbac Treatment is a marvel, producing remarkable changes in only 30 days. This is why we offer to any blood poison victim, no matter how bad a case, a 30-day treatment FREE.

You will open your eyes at what it will do for you in a month. We treat you free for a month. Just write to us and get the treatment free. Then if you are satisfied it is the most remarkable treatment you ever took, you can continue it. If you are not, we will refund your money. About 9 o'clock Saturday night fire broke out in the Baltimore and Ohio railroad depot at Marietta and before the flames could be extinguished the second and third floors had been badly gutted. Improvements for T. & O. C.

The Eastern division of the Ohio Central is to undergo some extensive repairs within the next few months. New all-steel bridges are contracted for at Sycamore and McCutchenville, a Chicago firm having been awarded the contract for replacing the old bridges. A new steel bridge of heavy design will be built at Bucyrus. The roadbed will be greatly improved in anticipation of the Big Four Cincinnati-Detroit running over this line from Berwick to Toledo. It is reported that these trains, three in number each way daily, will leave the Hocking Valley, over which they now run from Carey, to Toledo, and be routed over the Ohio Central, traveling over Big Four and Lake Shore property all the way between Cincinnati and Detroit.

Walter G. Harrison, scale inspector of the B. & O., went up to Mansfield yesterday in spect the scales used in the freight house and yards or that city.

WIFE BEATER IS GIVEN STONE PILE

On complaint of his wife, Charles Liveray, 28 Harrison street, was arrested Tuesday night by Patrolmen Petrey and Stewart. Liveray was charged with extreme abuse, beating his wife and, it is alleged, brandishing a razor at her.

Liveray's wife appeared against him in police court Wednesday morning, exhibiting a black eye and an otherwise badly bruised face. The woman charged her husband with drunkenness and requested that he be held until he had sobered up. Mayor Ankele fined him \$5 and costs and committed him to the stone pile for three days.

FIRST COASTING ACCIDENT OF THE SEASON REPORTED

The first coasting accident of the season so far reported, occurred on Tuesday night, when John Strear, the fourteen-year-old son of Mr. Philip Strear, a well known resident of Newark, was seriously injured. John was coasting down the long hill on South Second street, which has a coasting stretch of nearly half a mile, when his sled crashed into a telegraph pole. The lad was rendered unconscious by the terrific impact and he was taken to his home in the South End and Dr. Barnes called. The doctor found that the boy had broken his right leg between the knee and ankle. The fractures were reduced and the lad is now resting comfortably.

SHOT GUN FATALITIES.

As far as learned the death toll for the hunting season just closed in the United States is 113. Over 50 were wounded and it is likely that a number of these will die, so that a fair approximation is about 130 fatalities. Comparing these figures with other sports it will be seen that the shot gun is more deadly than the air ship, football, baseball, automobile and in fact all other sports combined.

FIRE DESTROYS A BRUSHY FORK FARM RESIDENCE

Burns to the Ground at Early Hour
Wednesday Morning—Nothing
Saved But Clothing the
Occupants Wore.

The farm house belonging to Enos Myers, which is located in the southern part of Hanover township, near Brushy Fork, was completely destroyed by fire at an early hour this morning.

The family, was in the front part of the house when the fire was discovered in the kitchen, and before help could arrive the whole interior of the building was in flames. A few things were taken from the cellar, but the house and all its contents were destroyed. The family was even unable to secure any clothing from the house, and the only thing left is what they wore at the time.

The fire is supposed to have originated by the kitchen stove becoming too hot and igniting the wall. The house was valued at about \$1500 and a small insurance was carried.

Mr. Meyer and his family were taken in by the neighbors, where they will remain until the home can be rebuilt.

FIRE DESTROYS A BRUSHY FORK FARM RESIDENCE

Burns to the Ground at Early Hour
Wednesday Morning—Nothing
Saved But Clothing and
Occupants Wore.

The farm house belonging to Enos Myers, which is located in the southern part of Hanover township, near Brushy Fork, was completely destroyed by fire at an early hour this morning.

The family was in the front part of the house when the fire was discovered in the kitchen, and before help could arrive the whole interior of the building was in flames. A few things were taken from the cellar, but the house and all its contents were destroyed. The family was even unable to secure any clothing from the house, and the only thing left is what they wore at the time.

The fire is supposed to have originated by the kitchen stove becoming too hot and igniting the wall. The house was valued at about \$1500 and a small insurance was carried.

Mr. Meyer and his family were taken in by the neighbors, where they will remain until the home can be rebuilt.

They have no dead accounts in their books, they have all been filed in the Transfer. Have you this dread of the coming New Year? If you have, let us explain the Merits of the Majestic.
